## Thesis Office Review

Please take the following actions:

- Review the checklist below for all changes which need to be made in order for your manuscript to be approved. **Checked items require your attention.**
- Feedback may be broad and generalized, pointing to patterns of problems within the document. While the Thesis Office may point out a specific example to you, it will be your responsibility to review and correct the entirety of the document to address all instances of any indicated problems.
- Consult the Thesis Office online resources at <http://thesis.tamu.edu> - [Thesis Manual](#), [Online Pre-submittal Conference Tutorial](#), Thesis Office instructional handouts - or contact us directly at (979)845-2225 if you need additional guidance.
- Make the necessary changes to your document, re-convert to PDF, and replace the ETD file in the [Electronic Submittal System, Vireo](#).

### Preliminary Pages

- ☒ **Title Page.** See Thesis Manual pages 23-24 for instructions and a sample page.
  - ☐ The title page now combines information previously found on the title, copyright, and approval pages. See the Thesis Manual for format and content requirements.
  - ☐ Delete Approved by from above the committee list.
  - ☐ Change Office of Graduate Studies to Office of Graduate and Professional Studies in the submittal statement.
  - ☐ Remove Dr./Prof. from all members' names.
  - ☐ Your name must match University records exactly.

Our records show Jim Morel as the chair of committee; Jean Ragusa as the co-chair. Please correct the names in the list.

- ☒ **Equations.** See Thesis Manual page 18.
- ☐ Equation numbering is optional and may be consecutive (1, 2, 3) or by chapter/major section (1.1, 1.2, 2.1).
- ☐ No two equations may have the same number unless identical, term for term.
- ☐ Placement of equation numbers needs to be consistent throughout the thesis.

Page 1, could you add a little space between the two equations; they are very close together and difficult to read. (or reduce size slightly)

- ☒ **Copyright Permissions.** If you are using material from a copyrighted source (and/or using your previously published work), proper credit must be given on the first page of the chapter or section containing the material; or, for images, survey instruments, etc. in close proximity to the copyrighted material. See Thesis Manual pages 5-7 and Thesis Office handout "[Permission to Use Copyrighted Material](#)" in the Policies section of our website.

For use of previously published material in your document, see the information above.

## Figures and Tables

- ☒ **Figure/Table Spacing.** If a table or figure is placed on a page with other material, the table or figure must be separated from the text (or other material) by a minimum of a triple space (3 single spaces) above and below.

Nice work.

- ☒ **Reprinted Figures/Tables.** Figures/Tables from other sources must have an attribution (Author, Date) or Reference number at the end of the title. This source must be included in the list of references.

If you are using figures/tables that are not original, you must do a Fair Use analysis to determine if you need to seek permission to use any reprinted figures/tables. Go to <http://guides.library.tamu.edu/copyright> and carefully read the information under the two tabs on Fair Use, then go to <http://copyright.columbia.edu/copyright/files/2009/10/fairusechecklist.pdf> and do an analysis on each figure/table. If permission is needed, seek that permission and then forward it to the Thesis Office. If you have any questions about this, please call me.

## References

- ☒ **Reference Format.** See Thesis Manual page 19.
- ☐ The formatting of the references (use of italics, quotation marks, and bold type), capitalization, punctuation, and ordering of information within each citation needs to be consistent, accurate, and complete.
  - ☐ References cannot be single spaced. Use a single space within citations and the spacing of text between citations, or use the spacing of text throughout the entire section.

Formatting looks good.

- ☒ **Reference Text Mentions.** All references must be appropriately cited in the text, and all text citations must be referenced. See Thesis Manual page 19.

Entries [1] - [12] checked. Student responsible for checking complete list for citations as noted above.
